A huge thank you to everyone who makes this Fair a huge success - our board of directors, fair committee members, volunteers, sponsors, and community members alike. It wouldn't happen without you!

We hope to see you at the Fair!

“Huntsville Fair Breaks all Previous Records”

Huntsville Forester, October 2nd, 1924

With bright sunshine as “an active ally”, the Huntsville Fair this year, smashed all previous records in attendance and gate receipts. Over \$80.00 in excess of any former year was taken at the gates, and the attendance of school children in parade, admitted free, was in excess of former years.

Perfect weather prevailed throughout the day, and the attendance from distant points was larger because of this, many cars being present from Bracebridge, Emsdale and Burks Falls.

The grand parade of school children at 1:30, was witnessed as usual by a large crowd the street being so packed with cars and pedestrians that the “kiddies” found it difficult to press their way through. In addition to all the departments of the Public and High Schools of Huntsville, with the teaching staff, there were present several of the rural schools of Brunel and Chaffey, in charge of the teachers. All were admitted to the grounds free, and they made a merry addition to the large crowd already assembled.

The entertainment features of the day were unusually attractive. A splendid musical program was provided by a detachment from the Anglo Canadian Concert Band, under the leadership of Mr. Barrow, who is well skilled in his profession, and who wields the baton with grace and skill. The several numbers were much appreciated.

The local Boy Scout Troop, contributed valuable features to the afternoon program of Wednesday. Scout Master, Major Forrest, who is secretary of the Fair Board, found his time very fully employed, so the chief responsibility of directing the various features fell to Mr. Stanbury, who has been with the local Scouts most of the summer.

The first-aid exercises were under the direction of Mr. H.H. O'Connell, who is making a very efficient director of these courses. A model camp was established on the mound at the south of the grounds, and here the Scouts gave interesting exhibition of camp baking. The boys, unperturbed by the presence of many competent lady critics handled the dough dexterously, and employed methods in the baking process, which in turn have aroused the envy of their less resourceful feminine observers.

At 2 o'clock, the platform was cleared and the Scouts gave an exhibition of Wall Scaling. The boys by means of a human bridge, formed by their own fellows climbed to the railing of the gallery above, and were aided over by some of their young companions who were back of the railing. Other, and not less interesting feats, were the stretcher drill, and first aid exhibitions; the Jungle Dance of the Wolf Cubs; the fire rescue scene; the bridge building, etc. All these features illustrated the efficient training the Scouts have received from Major Forrest, Mr. Stanbury and the capable patrol leaders.

The exhibitions given by Shooks trained dogs and pony attracted a good deal of attention of the evening of Thursday and Friday afternoon.

Among the contests, no feature aroused more popular interest than the team drawing. This was the first time for this feature, and it will likely be repeated as a regular contest each year. It would have been better handled if placed more centrally on the grounds and with roping to keep the spectators back. The latter crowded in so close, that some of the drivers found it difficult to handle their teams, and the horses became confused. The contest was keen between over one dozen teams. The prizes, 1st and 2nd, being carried off by Mr. Bert Sims and Martin Siding.

The livestock showing was no improvement over former years, and it is in this regard that our fair does not quite measure up to expectation. This year has been a little discouraging for livestock breeders but it is hoped that adverse conditions of the market will be only temporary.

The halls exhibits were effected in quantity by the unusually wet and backward season; but all lines of vegetable grains, roots etc. shown, were of good quality. Some fine specimens of poultry were shown, and the entries in this department were a little ahead of former years. The butter and dairy products, preserves, home-made cooking, and ladies work displayed in the main hall, were all large in volume, and as usual, very creditable in quality.
